Hemlock nodded. "That is quite understandable, among children. And quite impossible now. Do you. In the rage of his agony the Enemy raised up a great wave and sent it speeding to overwhelm the words and they said theirs, but none of them were the right words. The deeds and lays that tell of raids by dragons and counterforays by wizards portray the dragons as pitiless as any wild animal, terrifying, unpredictable, yet intelligent, sometimes wiser than the wizards. Though they speak the True Speech, they are endlessly devious. Some of them clearly enjoy battles of wits with wizards, "splitting arguments with a forked tongue." Like human beings, all but the greatest of them conceal their true names. In the lay Hasa's Voyage, the dragons appear as formidable but feeling beings, whose anger at the invading human fleet is justified by their love of their own desolate domain. They address the hero: clothes were soaked. He hunched his shoulders, turned about, and set off towards a wisp of chimney. From them led the tracks of a man walking, straying up the beach for a long way as it narrowed between the cliffs and the sea. Then the tracks ceased. Sunbright told them all to get rid of the fellow, but didn't stay around to see them do it. He went back down the south road as soon as he'd gulped a pint of beer at the tavern, telling them there was no room for two sorcerers in one village and he'd be back, maybe, when that man, or whatever he was, had gone. her mouth. Only at a crossroads an old donkey grazing a stony pasture came over to the wooden fence and leaned its head out, craving company. Medra stopped to stroke the grey-brown, bony face.
