"I'm standing here, trying to be friendly," said Amos. "I was told there was nothing of interest down." "Why," said Jack, "I am a prince because I am worthy to be a prince, and with me is a woman worthy to be a princess." The Nu-View, across the street and down, was showing an X-rated double feature. It was two, maybe three months ago in Memphis, in a studio just before rehearsal. Jain had been. "It all amounts to the same thing, doesn't it?" I shrugged. "Oh, well," she sighed, "vampires are." "Hey?" Jason grabbed Barry's hand and gave it an earnest squeeze. "Don't forget, if you do get your Permanent License?" "Not at all." First, there is the reactive pain. Only those who have reviewed, year in and year out, know how truly abominable most fiction is. And we can't remove ourselves from the pain. Ordinary readers can skip, or read every third word, or quit in the middle. We can't We must read carefully, with our sensitivities at full operation and our critical-historical apparatus always in high gear? or we may miss that subtle satire which disguises itself as cliché, that first novel whose beginning, alas, was never revised, that gem of a quiet story obscured in a loud, flashy collection, that experiment in form which could be mistaken for sloppiness, that appealing tale partly marred by (but also made possible by) naivete, that complicated situation that only pays off near the end of the book. Such works exist but in order not to miss them, one must continually extend one's sensitivity, knowledge, and critical care to works that only abuse such faculties. The mental sensation is that of eating garbage, I assure you, and if critics* accumulated suffering did not find an outlet in the vigor of our language, I don't know what we would do. And it's the critics who care the most who suffer the most; irritation is a sign of betrayed love. As Shaw puts it: Stella stares disgustedly out the window. stone.
