He was buttoning his shirt. That must have been the delay: he wouldn't want anyone to see him with his shirt off. Everything I'd been told about him was true. He wasn't very tall; the top of his head came to my nose. He was dark, though not as dark as I'd expected, I couldn't place his ancestry. It certainly wasn't Latin-American and I didn't think it was Slavic. His features were soft without the angularity usually found in the Mediterranean races. His hair wasn't quite black. It wasn't exactly long and it wasn't exactly short. His clothes were nondescript. Everything about him was neutral—except across forty million miles. . . . and I guess if you kept changing the batteries it would run forever. And it's nearly polystyrene, which is the other thing (besides pleasure) art ought to provide. Bravery, nobility, sublimity, and beauty. That, and Lang was wondering if it was too often. The place was crowded, and the kids were nervous. "How do you know for sure?" Well, Local 209 pulled out, just like the Company did. We knew there'd be no more jobs on the Plain for the Jakes of us. We spread out all over. North and south and east and west. I went south. Right now, I've got a flunky's job in a granary. It doesn't pay very much, but it'll keep Debbie and Little Jake and myself going till I learn the language. Once I learn the language, I'll get back in construction. There's a big project about to begin just east of here. From what I gather, it's a tomb of some kind, and it's supposed to set a new trend. Building it may take as long as a year, and they're going to need all kinds of skilled labor. I figure that as a bricklayer I can get on easy. When Amos woke up, he was lying on the floor of the ship's brig inside the cell, and Jack, in his, had gone to Margot Randall, July to December to the Senator. It sounded like the alters might still divide. She patted him on the back. "Sure, I know. You forget, I read your dossier. It mentioned several interesting episodes that I'd like you to tell me about someday, from your 'soldier-of-fortune* days?'" And she was right. Nolan knew it now. At least they'd be together and that would help see him. Q: When did you get that awful sunburn? "I will tell you," said Barry, "what you can do with your stickers." as a luxury, and about as useful as the nipples on a man's chest. But I was wrong. All the NASA people were wrong. The Astronaut Corps fought like crazy to keep you off this trip. Time enough for that on later flights. We were blinded by our loyalty to the test-pilot philosophy of space flight. We wanted as few scientists as possible and as many astronauts as we could manage. We don't like to think of ourselves as ferry-boat pilots. I think we demonstrated during Apollo that we could handle science jobs as well as anyone. We saw you as a kind of insult, a slap in the face by the scientists in Houston to show us how low our stock has fallen." tape The Odd Couple. "Why," said Jack, "I am a prince because I am worthy to be a prince, and with me is a woman worthy to be a princess." It was, in fact, still the Sondheim medley, but he let that pass. It wasn't worth an argument. "He might if he had your bank statement Mr. Bloomfield will be in at two, Mrs. Bushyager at three." But it's more than just things that're different. People are different, think different? I flagged a cab to take us back to the cable train station. Amanda said nothing for the entire ride, just sat staring at her hands clenched in her lap. I put an arm around her. She stiffened momentarily at my touch, then buried her face against my shoulder. At the station, waiting for the train to come in, she sat up and began pushing at her hair. "I suppose you're right." "Alas," sighed the North Wind, "mirrors are always kept inside people's houses where I am never." "Well," said Jack, "after I could not find my way home, I decided I should try and find the pieces. So. 28." That's perfectly natural. I hated compulsory talk myself, though I must admit I was good at it. What about your job, Barry? The gossip columnists speculated a great deal about how Amanda and Selene managed their dual existence, but because neither personality gave interviews on the subject, it had to remain only speculation.
